REGULAR BOARD MEETING
AUGUST 19, 2022**

A. CALL TO ORDER

The August 19, 2022, Regular Board Meeting of the Marsh Harbour Community Development District (the “District”) was called to order at 10:00 a.m. in the Marsh Harbour Community Clubhouse located at 1000 Marsh Harbour Drive, Riviera Beach, Florida 33404.

B. PROOF OF PUBLICATION

Proof of publication was presented that notice of the Regular Board Meeting had been published in *The Palm Beach Post* on October 1, 2021, as part of the District’s Fiscal Year 2021/2022 Regular Meeting Schedule, as legally required.

C. ESTABLISH A QUORUM

It was determined that the attendance of Chairperson Allen Walker, Vice Chairman Kent Pollock and Supervisors Judy Briggs, Nadine Sampson (via phone) and Tasha Mullings (also via phone) constituted a quorum and it was in order to proceed with the meeting.

Staff present included: District Manager Sylvia Bethel of Special District Services, Inc.; District Counsel Gregory George of Billing, Cochran, Lyles, Mauro & Ramsey, P.A.; and Onsite HOA Manager Tara Bennett.

Also present was District resident, Mark Gardner.

D. ADDITIONS OR DELETIONS TO THE AGENDA

There were no additions or deletions to the agenda.

E. COMMENTS FROM THE PUBLIC FOR ITEMS NOT ON THE AGENDA

There were no comments from the public for items not on the agenda.

F. APPROVAL OF MINUTES

1. July 15, 2022, Regular Board Meeting

The minutes of July 15, 2022, Regular Board Meeting were presented.

A **motion** was made by Mr. Pollock, seconded by Ms. Briggs and unanimously passed approving the minutes of the July 15, 2022, Regular Board Meeting, as presented.

G. OLD BUSINESS

1. Discussion Regarding Lake Maintenance Proposals

Ms. Bethel reminded the Board that they had requested for proposals with more lake visits, which were presented in the meeting book. Ms. Bethel indicated that Palm Beach Aquatics had stated that two lakes visits would be more than enough and noted issues they believe were affecting the lakes. A lengthy discussion ensued. Ms. Bennett noted that all the lakes were having issues right now. Mr. Walker noted that he liked Superior Waterway and would like to give them a try. Ms. Mullings would like to look into fountains for beautification of the community and overall, betterment of the lakes. Mr. George stated that a few of his other districts have aquatic plants that assist with the health of lakes. The Board requested staff look into having the aerators in the lakes checked to be sure they are working properly and in order to gather fountain proposals.

A **motion** was made by Ms. Briggs, seconded by Mr. Walker and unanimously passed approving the proposal from Superior Waterway Services, Inc. for lake maintenance at a cost of \$825 monthly/\$9,900 annually.

A **motion** was then made by Mr. Pollock, seconded by Mr. Walker and unanimously passed approving the termination of the Palm Beach Aquatics' contract.

2. Discussion Regarding Landscaping

Ms. Bethel advised of a discussion she had with Mr. Richter of BrightView about the leaves being picked up the next day. Mr. Richter indicated doing this would help keep Marsh Harbor's contract down to the negotiated price and it would also be healthy for the grass. Day one they would cut, day two they would mow over it to mulch it up for grass. A lengthy discussion ensued. Ms. Sampson stated the grass did not look healthy. Mr. Pollock noted he would like to have a sit down with Mr. Richter and Mr. Ingram, again. Ms. Bennett stated they have had several sit downs, but BrightView does not follow their requests. The Board requested that staff set up a meeting with BrightView's Mr. Richter and Mr. Ingram before their next CDD meeting in order to resolve these issues.

Mr. George asked for an update on the resident with a tree root issue from the last meeting. Mr. Pollock advised he had gone by to assess the situation and came to the decision that it was not a CDD issue.

H. NEW BUSINESS

1. Review of 2022 Legislative Memo

Mr. George went over the Legislative Memo with the Board and gave an update on the 13 new laws. He also advised that there were no new laws that would cause the District additional expenses.

I. ADMINISTRATIVE MATTERS

There were no Administrative Matters to come before the Board.

J. BOARD MEMBER COMMENTS

Ms. Sampson stated that the District had several renters in the community that do not focus on the upkeep of their front yards. How can the Board deal with this issue? Ms. Briggs stated that the community requested of the HOA that residents be allowed to upkeep their own property and the

HOA agreed. Mr. Pollock stated this was an HOA issue, not a District one and Ms. Bennett agreed. Mr. Gardner stated it would be beneficial for the hedge located in the front of the community be replaced with privacy hedges because people jump the gates and Ms. Bennett agreed. The Board requested staff obtain a proposal from Mr. Russ for privacy bushes.

K. ADJOURNMENT

There being no further business to come before the Board, the Regular Board Meeting was adjourned at 11:04 a.m. on a **motion** made by Mr. Pollock, seconded by Ms. Briggs and the **motion** passed unanimously.

Subject: Re: Marsh Harbour New Fountain Proposal

Good morning,

As requested, I have attached 2 quotes for a 5hp and a 7.5hp fountain for Lake number 1 at Marsh Harbor. I also included some information on the system I quoted along with some pictures of both 5 hp fountains and 7 ½ hp fountains. Because of the size of lake 1 at lake Marsh Harbor and the lake's location on the property, I think a 7½-hp would look the best. This size fountain would create a powerful but elegant feel, creating a beautiful grand entrance display. A fountain is an investment for the property and really helps to enhance curbside appeal. Because the lake is on the corner of the main road you would want the fountain large enough for people to see so that it leaves a lasting impression on guests whether they are entering or leaving the property I made each quote standard with 200 feet of cable white LED lights and choice of nozzle to make it easy however this can be changed later.

I was able to find 2 sources of power (See Attached Images) One is between the buildings and one near the guard house. It's unclear if these have adequate power to handle the additional load that would be put on it so it would require an electrician to evaluate them.. If these locations do not have adequate power, and the electrician would need to determine where he could install a new service for the fountain. If the power source is determined to be at another location and additional cable is needed, then I can adjust the quote at that time. I would be happy to meet with the electrician on site when he needs to look at both power locations in the meantime, please let me know if you have any questions.
