G. OLD BUSINESS

1. Discussion Regarding Annual Engineering Report Repairs

Ms. Bethel stated that one company had responded to the request for a proposal. They were supposed to visit the location last week but were busy. Ms. Bethel hopes to have the proposal by

the next meeting. Mr. Pollock stated that he had another company that could provide a proposal. Ms. Bethel asked Mr. Pollock to please send over the information so she may reach out to the other company.

2. Discussion Regarding the Difference between CDD Property and HOA Property

Ms. Bethel stated that this was left on the agenda because Mr. Pollock had additional questions. Last month, Ms. Warner explained that the District did not own any property but through the maintenance agreement were able to perform certain maintenance. Mr. George explained that the District could assist with maintenance if it is on HOA property because of the easement, however, the District cannot assist if it is on the resident's private property. A lengthy discussion ensued. Ms. Bethel and Mr. George asked if all Board Members had a clear understanding or were there any further questions so we can clear up this discussion. All Board Members indicated they had a clear understanding of the issue.

H. NEW BUSINESS

1. Consider Withdrawal of Resignation of Supervisor Judy Briggs

Ms. Bethel explained that Ms. Briggs had submitted her resignation and subsequently withdrew it. Therefore, the Board needs to consider the withdrawal of her resignation.

Ms. Bethel went over the budget and stated that there were a few minor changes, but nothing major and the assessments had gone down a few cents.

A **motion** was made by Mr. Pollock, seconded by Ms. Mullings and unanimously passed adopting Resolution No. 2025-01 – Adopting a Fiscal Year 2025/2026 Proposed Budget and setting the Public Hearing for May 16, 2025.

I. ADMINISTRATIVE MATTERS

Ms. Bethel stated although it was early, Form 1's would be emailed. She reminded the Board that they were electronic forms and they would need the completion date of the ethics training in order to complete the Form 1.

Mr. George advised that he would be leaving the company in early June and that a new attorney would take over. He will keep everyone posted. In addition, the main attorney retired, and we need to change the registered agent, which we will add to the agenda for the next meeting.

GRINDING VS. SAW CUT TECHNOLOGY

The biggest contrast between grinding and the Florida Sidewalk Solutions repair method is the quality, aesthetics, and ADA Compliance our patented saw-cutting offers.

Grinding Limitations:

- Damages the concrete, breaks edges, knocks out aggregate
- Looks rough, unfinished, and highlights the uneven scarring
- Does not meet ADA slope requirements

FSS Advantage:

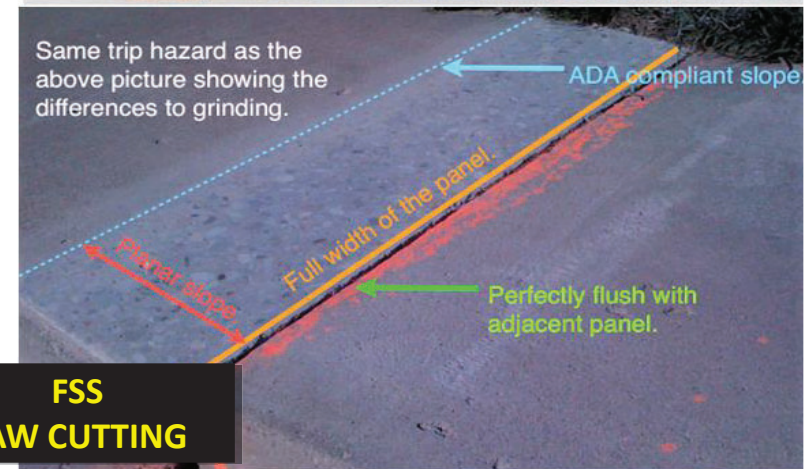

- Our finish is the **finest**
- Our slope meets **ADA specifications**
- Our sidewalks are the **safest**
- Our technique is the **fastest**
- Our service is the **best**

Notice to Proceed / Contract for Patented-Saw Cutting Trip Hazard Removal

THIS CONTRACT is made and entered into this 24th day of March 2025 by and between **Florida Sidewalk Solutions, LLC**, whose principal address is 7051 S.W. 22nd Court, Davie, Florida 33317, and Marsh Harbour Community Development District, whose principal address is 1001 Marsh Harbour Drive Riviera Beach, FL 33404 (herein referred to as "**Property Owner**"). Property Owner has retained Florida Sidewalk Solutions to perform services at the property located at 1001 Marsh Harbour Drive Riviera Beach, FL 33404 (herein referred to as "**Project Location**").

1. DEFINITIONS

The following are the definitions of material terms used in this Contract:

(a) "Trip Hazard" is an uneven condition at the juncture between concrete slabs of a sidewalk which is characterized by a vertical change of over 1/4 inch or more.

(b) "Subterranean Conditions" are conditions below the ground's visible surface which can change the slope and levels of a sidewalk's concrete slabs. These conditions include but are not limited to tree roots and ground settling.

2. SCOPE OF WORK

Florida Sidewalk Solutions will remove 114 trip hazards at the Project Location. This task will be completed using a patented, ADA-compliant saw-cutting method. Please note this contract is based on an estimate completed on March 21, 2025. The customer acknowledges that said estimate was reviewed and approved and such, does not constitute the removal of every trip hazard on site.

Florida Sidewalk Solutions will cut trip hazards at a slope of 1 to 12 ratio. Florida Sidewalk Solutions will reduce these trip hazards to a "0" vertical height. The patented saw will cut completely across the sidewalk's edges leaving a uniform finish. Florida Sidewalk Solutions cannot cut next to any pavers. Our patented saw cutting method is a horizontal saw cutting method and cutting next to any type of pavers would be considered "out of the scope" of our work. Florida Sidewalk Solutions does not replace sidewalks. Any areas noted in our estimate for replacement are only recommendations and are the sole responsibility of the customer. **Florida Sidewalk Solutions warrants this slope ratio and vertical height for a period of 90 days from the completion date.**
